IMPOSSIBLE WORK AT AN IMPOSSIBLE TIME

Keynote by LC Johnson / @no1doesitlikelc

LESSON #1:
TAP INTO YOUR
radical
IMAGINATION

“And for those of us from communities with historic collective trauma, we must understand that each of us is already science fiction walking around on two legs. Our ancestors dreamed us up and then bent reality to create us.”

LESSON #2:

DON'T BUILD FOR,
build with

STRATEGY #2:

LESSON #3:

DON'T EXPLAIN YOUR 8X10
VISION *to someone with
a 3x5 experience*

“Too often, our standards for evaluating social movements pivot around whether or not they "succeeded" in realizing their visions rather than on the merits or power of the visions themselves. By such a measure, virtually every radical movement failed because the basic power relations they sought to change remained pretty much intact. And yet it is precisely these alternative visions and dreams that inspire new generations to struggle for change.”
