## DONOR-ADVISED FUNDS

Donor-advised funds are the fastest-growing charitable vehicle in the United States. For good reason: There's no cost to start a fund, and it can be used to support your clients' favorite causes now and for years to come. Plus, Akron Community Foundation handles all the management, allowing your clients to focus on the joy of giving without the administrative burdens of a private foundation.

Any of our six types of charitable funds can be established with as little as \$5,000 (with the exception of scholarship funds, which start at \$25,000).

## OTHER CHARITABLE FUND OPTIONS

- **Designated Funds** allow donors to support one or more of their favorite nonprofit organizations forever.
- **Scholarship Funds** allow donors to create a brighter future for area students.
- **Field-of-Interest Funds** allow donors to support a particular issue or cause, with the community foundation making the grant decisions.
- **Board Discretionary Funds** allow donors to meet the community's ever-changing needs.

## A SIMPLE ALTERNATIVE

If your client is considering establishing a private foundation, a donor-advised fund may be a simpler, less expensive solution.

### Donor-Advised Funds

- Offer the maximum charitable deduction allowed by law, including double the deduction limit for gifts of cash (60% of the donor's AGI vs. 30% for private foundations).
- Can be created in as little as one day and require no start-up fees.
- Have no mandatory distributions and can invade principal if desired.
- Allow donors to remain anonymous.
- Can have successor advisors so the donor's legacy lives on in perpetuity.

### Private Foundations

- Typically have extensive administrative, legal and investment costs.
- Require a 5% annual payout (which can be used to start or contribute to a donor-advised fund at ACF).

## TAX-SMART SOLUTIONS

Charitable giving can be an excellent solution to meet both the financial and philanthropic goals of your clients. Your clients may benefit from charitable giving if they:

- Have had an exceptionally **high-income year** and need an immediate tax deduction.
- Have **highly appreciated stock** and are looking to avoid capital gains while receiving a tax deduction.
- Are **selling a business** and want to reduce their tax bill while supporting the community where their customers and employees reside.
- Don't need a portion of their IRA's **required minimum distribution** and want to avoid paying taxes on it.
- Can no longer itemize their charitable contributions under the current tax law and want the option to **bunch their donations** while maintaining steady support for their favorite charities.
- Are looking for a secure stream of **income in retirement**.
- Want to **leave a lasting legacy** by supporting the causes they care about.

## WHAT ARE THE BENEFITS?

- Akron Community Foundation handles all the work, including record keeping, due diligence, check writing, gift acceptance and tax filings.
- It's free to start a fund, and donations are deductible up to 60%\* of adjusted gross income for gifts of cash and 30% for gifts of stock, mutual funds and real estate.
- Donors receive an immediate tax deduction but can take their time recommending grants in future years.
- Low administrative and investment fees of about 2%.
- Ability to engage children, grandchildren and other family members through Akron Community Foundation's Center for Family Philanthropy.
- Donors may choose to remain anonymous and can support any 501(c)(3) nonprofit in our community or across the nation.
- Ability to reduce taxes by bunching donations in key years, while spreading out grants to charity over time.
- Local service and access to in-depth knowledge about the region's issues and nonprofits.

\*Increased to 100% of AGI for cash donations to non-donor-advised funds in 2020-2021 under the CARES Act. The limit for donor-advised funds is still 60%.
